

EBANTER Issue 08-06

OLBA: March 2, 2008

The Board of Directors decide to share the revenue. At our last meeting it was the decision of the Board to split the revenues from Prime Time Insurance and the Brick with the clubs. It will be done on a 50/50 basis after costs. It will work in the following way: We receive all proceeds garnered from our affiliation with both The Brick and Prime Time Insurance. We would then put 50% into a pool to be shared by all the clubs. The money would be distributed on a per person basis.

I am pleased to report that although we don't have the cards yet the 1-800 number to the Brick is working. One member was able to save \$70.00 on her purchase even though she did not call until after the last news letter was issued and a week after her purchase.

The OLBA has arranged an affinity partnership with THE BRICK Peterborough, providing Select Rewards preferred pricing for OLBA members on all Furniture, Bedding, Appliances and Home Electronics.

The Brick will support the OLBA with a contribution from each sale.

These procedures must be followed:

Club News

Philip Francis who is President of the Leaside LBC informed me that Dorothy Ranta passed away. Dorothy was a committed lawn bowler who played a very active role in the Leaside club for over 40 years. Dorothy served as a president of Leaside, a board member of the OLBA and was an Honorary Life member. In the morning and in the evening Dorothy Ranta will be remembered. I am sorry I could not print everything Philip wrote but I am even sorrier I never got a chance to meet this woman.
