

e-Banter #20 - October 14, 2008

Greetings:

Your Board of Directors for OLBA hopes that you had a pleasant Thanksgiving and that you are planning on attending the annual fall OLBA membership meeting this Saturday, Oct. 18 at the Terry Miller Recreation Centre in Brampton.

In the near future all bowlers will receive a letter from OLBA outlining some new incentives from one of our major sponsors: Primetime Insurance. OLBA has been the recipient this year of a percentage of all sales/policies written with Primetime Insurance. As indicated to bowlers at the spring OLBA membership meeting, each club is entitled to share in the OLBA percentage from Primetime Insurance and The Brick.

Most likely, each club's share in the sponsorship programs will be in the form of a deduction on the membership invoices that each club will receive in the spring. More information on this will be made known at a later date when sponsorship monies have been received.

You are reminded that at the upcoming meeting, each delegate will be voting on approval of the revised by-laws for OLBA. A copy of the revised by-laws was mailed to each club recently. If you have the time, you should compare the revised format with the current set of by-laws to note any changes.

Delegates to the fall meeting will also be voting on motion to increase the annual assessment fees paid to OLBA by \$1.00. This would mean, then, that the OLBA portion of the assessment fee would become \$10 and the BCB fee would remain at \$13.50 bringing the total assessment, per member, to be paid to \$23.50 Rationale for the proposed \$1 increase will be discussed at the meeting.

The revised by-laws put the maximum number of OLBA board members at 20. With the current board members remaining on the board and the know number of bowlers indicating a desire to be on the board the number falls well below 20. **WE NEED MORE BOARD MEMBERS!!!** Please give this matter serious consideration and volunteer on the 18th to join the board.

See you Saturday!

Bob Machan
President: OLBA
